several factors that include the

growth and acceptance of the

agile movement in many

industries in the past years, the

author deemed it necessary to

rewrite or revise some chapters

and add new material for

Agile Project Management Quotes  
by Jim Highsmith

Agile Project Management is the first book to successfully bring together the theory of complex adaptive systems and the practice of project management in a usable, "how-to" format. The book offers a range of concrete suggestions including (my favorite) how to develop a product vision statement by creating a prototype of the final package.
