## ~~Beginning Glassblowing by Edward T. Schmid~~

Beginning Glassblowing. Post author By Zachary Melo; Post date August 16, 2020; ... When you think of glass blowing, you likely think of grand furnaces with workers dipping steel handles into large vats of molten glass before puffing, shaping, and working the molten glob into a form or vessel. That's called furnace work, or hot shop – as I ...

## ~~Beginning Glassblowing—Zach Melo~~

Glassblowing is a glassforming technique that involves inflating molten glass into a bubble (or parison) with the aid of a blowpipe (or blow tube). A person who blows glass is called a glassblower, glassmith, or gaffer. A lampworker (often also called a glassblower or glassworker) manipulates glass with the use of a torch on a smaller scale, such as in producing precision laboratory glassware ...

## ~~Glassblowing—Wikipedia~~

These glass blowing packages are just suggestions but do provide the equipment needed to start blowing glass. The only other thing you will need is a well ventilated work space, an oxygen tank, and a propane tank. If you do not need everything listed or want to make changes to the kits just give us a call.
