the Last Judgment (Revelation 19:1-20:15) John's Vision of the Heavenly Jerusalem (Revelation 21:1-22:21)

Biblical scholar Bruce Metzger presents the fruits of solid scholarship in a non-academic style to help readers understand the puzzling--sometimes frightening--Book of Revelation. He focuses on the comfort and beauty to be found in the book.

On his 81st birthday, without explanation, Karen Fisher-Alaniz's father placed two weathered notebooks on her lap. Inside were more than 400 pages of letters he'd written to his parents during WWII. She began reading them, and the more she read, the more she discovered about the man she never knew. They began to meet for lunch every week, for her to ask him questions, and him to provide the answers. It was through this process that she discovered the secret role he played in WWII. Karen's father was part of a small and elite group of men who were trained to copy and break top-secret Japanese code transmitted in Katakana. Through this journey, with painful memories now at the forefront of his thoughts, Karen's father began to suffer, making their meetings as much about healing as discovery. Thus began an unintended journey--one taken by a father and daughter who thought they knew each other--as they became newly bound in ways that transcended age and time.

Breaking the Islam Code offers everyday Christians profound insight into the way Muslims think and feel. J.D. Greear's ability to communicate challenging heart truth, plus his expertise in Christian and Islamic theology and two years' experience in a Muslim-dominated area, make him the perfect author for this empowering, insightful, reader-friendly book. It transcends traditional apologetics, focusing on helping Christians \*understand what is deep in Muslims' hearts, behind their theology—which will lead to friendship and effective communication of the gospel \*respectfully turn many of the primary objections into opportunities to share the faith \*avoid unnecessarily offending Muslims they're interacting with Readers will be excited that sharing Christ with Muslims is something they can do—as everyday Christians in their own cities, campuses, and workplaces.

This compassionate play is the story of Alan Turing, mathematician and father of computer science. Turing broke the code in two ways: he cracked the German Enigma code during World War II (for which he was decorated by Churchill) and also shattered the English code of sexual discretion with his homosexuality (for which he was arrested on a charge of gross indecency). Whitemore's play, shifting back and forth in time, seeks to find a connection between the two events. When first performed in the 1980s, Breaking the Code was critically acclaimed in the UK before a Broadway transfer won it a raft of awards & nominations including 3 Tony Awards, and 2 Drama Desk awards.

If you want to land a job in tech, you need to know how to code. That much is obvious. A skill that is equally as important-but often overlooked-is knowing how to market yourself to potential employers, especially if you're new to the industry. Do you know how to land interviews and deliver a compelling case for why you should be hired? Bobby Davis Jr. has helped place hundreds of aspiring coders into high-paying tech jobs. In *Breaking the Code*, he shares the proven strategies he uses with his students and offers up insider tips that will make you stand out from the competition. You'll learn how to avoid the biggest stumbling block when it comes to landing a job and what you should build before an interview if you don't have a project to show. Bobby also teaches you the secret to accessing jobs not found on corporate job boards and exponentially increasing your chances of getting the job you want. The path to \$100,000 a year-and infinite possibilities beyond that-begins with *Breaking the Code*.

In this fascinating and persuasive book, intuition expert Gail Ferguson proves that intuition is a distinct sense, just like seeing or hearing, but one so unfamiliar to us that we often don't know when it's happening. Ferguson recounts her own professional experiences and scientific discoveries to show you how to develop their intuition.

Shows how men can develop a deeper friendship with other men.
