As it is a reversal chart pattern, we need an existing trend to reverse. A bullish pattern must take place in a downwards trend, and a bearish pattern should take place in a upwards trend. Generally, the longer the trend, the larger the Head & Shoulders formation needed to reverse it. For a bullish pattern, buy: On break-out above the neckline; or

10 Chart Patterns For Price Action Trading

The buy trigger forms off the second bottom using a momentum indicator like a stochastic with a 20-band cross up or a bottoming pattern like a market structure low (MSL) which is a three-candle formation composed of a low, lower low and higher low with the buy trigger set just above the high of the higher low band. A secondary buy trigger forms when
