In this course you will explore what it means to live as a Christian in community within an ever-changing Canadian culture. The course emphasizes the importance of being a purposeful, informed and active citizen. You will learn about the elements of democracy and the meaning of democratic citizenship in local, provincial, national, and global contexts. In addition, you will learn about other systems of government, discuss social change, examine decision making processes in Canada, examine beliefs and perspectives on civics questions, and practice how to think and act critically and creatively about public issues. Most importantly this course will encourage you to become actively involved in influencing decisions and initiating positive change. Included: - Professional bound full colour workbook (122 pages)- Answer keys for all activities packages and test. - Google Drive access with creative powerpoints and activities - Three dynamic units that meet or exceed provincial standards- Complete Exam with review activities and answer key. - No textbook needed! A free e-Booklet is included. - In-depth activities packages and creative powerpoints- Clear unit guides (checklist style)

A guide for learners of English as a second language and an introduction to how parliament works.

A collection of letters written by Governor General David Johnston that outline his thoughts about what makes Canada unique in the world.

We don't think of imagination the way that we should. The word is often only associated with children, artists and daydreamers, but in reality, imagination is an integral part of almost every action and decision that we make. Simply put, imagination is a person's ability to create scenarios in his or her head: this can include everything from planning a grocery list, to honing a golf swing, to having religious hallucinations. And while imagination has positive connotations, it can also lead to decreased productivity and cooperation, or worse, the continuous reliving of past trauma.The human brain is remarkable in its ability to imagine;it can imagine complex possible futures, fantasy worlds, or tasty meals. We can use our imaginations to make us relaxed or anxious. We can imagine what the world might be, and construct elaborate plans. People have been fascinated with the machination of the human brain and its ability to imagine for centuries. There are books on creativity, dreams, memory, and the mind in general, but how exactly do we create those scenes in our head? With chapters ranging from hallucination and imaginary friends to how imagination can make you happier and more productive, Jim Davies' Imagination will help us explore the full potential of our own mind.

Going into its 6th edition, New Society continues to provide students with rich, rigorous and relevant information for their introductory sociology course. This ground up Canadian text features a number of contributors from across the country, well known experts in their field.

Explains the role of young people as citizens and how they can make a difference in the global system.

This Course Guide provides an overview of all content and tools in the print and online resources. It also offers teachers resources for instructional planning and assessment.
