You get 6 shapes (rectangle, diamond, oval, square, circle, and triangle) and 9 colours (white, blue, green, yellow, black, orange, brown, red, and purple). These series of cards, including the number and word packs, have been limited to 54 cards a pack, which I think is a shame as I would have liked to see the colour pink added, and maybe grey.

I absolutely love these cards! I am trying to teach my 21 month old son his shapes and colors. These cards are made on a durable card stock type material, with the name of the color, the shape and the color itself. The colors are nice and bright. The best part is that each color has each shape! So, for example, it is not just a red square.

Yellow– This is indeed the color of happiness and sunshine for children. Yellow stimulates intelligence and is ideal for use in kids' rooms, study rooms and play areas. It should not be overdone as it can make children feel stressed. Green-The color of abundance can relax and contribute to better health in kids. Pink-This is a calming color. It can lower heart rate.
