The Death of WCW is a mean-spirited book. This is the biggest problem with it. It's informative, sometimes hilarious, but fundamentally filled with a contempt for the sequence of events which led to the fall of Turner Broadcasting's wrestling promotion.

There have been plenty of things written about the incredible rise and more astounding collapse of WCW. But to many, the best take was "The Death of WCW." Published in 2004, R.D. Reynolds and Bryan Alvarez's book is an incredibly in-depth look at how this company rose up and then fell apart quickly.

As history repeats itself, a wrestling classic becomes even more relevant. In 1997, World Championship Wrestling was on top. It was the number-one pro wrestling company in the world, and the highest-rated show on cable television. Each week, fans tuned in to Monday Nitro, flocked to sold-out arenas, and carried home truckloads of WCW merchandise. It seemed the company could do no wrong. But by 2001, however, everything had bottomed out. The company - having lost a whopping 95% of its audience - was sold for next to nothing to Vince McMahon and World Wrestling Entertainment. WCW was laid to rest. What went wrong? This expanded and updated version of the bestselling Death of WCW takes readers through a detailed dissection of WCW's downfall, including even more commentary from the men who were there and serves as an object lesson - and dire warning - as WWE and

This expanded and updated version of the bestselling Death of WCW takes readers through a detailed dissection of WCW's downfall, including even more commentary from the men who were there and serves as an object lesson -- and dire warning -- as WWE and TNA hurtle toward the 15th anniversary of WCW's demise.

For decades, distinct professional wrestling territories thrived across North America. Each regionally based promotion operated individually and offered a brand of localized wrestling that greatly appealed to area fans. Promoters routinely coordinated with associates in surrounding regions, and the cooperation displayed by members of the National Wrestling Alliance made it easy for wrestlers to traverse the landscape with the

# Download Free Death Of Wcw The

utmost freedom. Dozens of territories flourished between the 1950s and late '70s. But by the early 1980s, the growth of cable television had put new outside pressures on promoters. An enterprising third-generation entrepreneur who believed cable was his opportunity to take his promotion national soon capitalized on the situation. A host of novel ideas and the will to take chances gave Vincent Kennedy McMahon an incredible advantage. McMahon waged war on the territories and raided the NWA and AWA of their top talent. By creating WrestleMania, jumping into the pay-per-view field, and expanding across North America, McMahon changed professional wrestling forever. Providing never-before-revealed information, *Death of the Territories* is a must-read for fans yearning to understand how McMahon outlasted his rivals and established the industry's first national promotion. At the same time, it offers a comprehensive look at the promoters who opposed McMahon, focusing on their noteworthy power plays and embarrassing mistakes.

A breakthrough examination of the professional wrestling, its history, its fans, and its wider cultural impact *The Squared Circle* grows out of David Shoemaker's writing for *Deadspin*, where he started the column "Dead Wrestler of the Week" (which boasts more than 1 million page views)—a feature on the many wrestling superstars who

## Download Free Death Of Wcw The

died too young because of the abuse they subject their bodies to—and his writing for Grantland, where he covers the pro wrestling world, and its place in the pop culture mainstream. Shoemaker's sportswriting has since struck a nerve with generations of wrestling fans who—like him—grew up worshipping a sport often derided as “fake” in the wider culture. To them, these professional wrestling superstars are not just heroes but an emotional outlet and the lens through which they learned to see the world. Starting in the early 1900s and exploring the path of pro wrestling in America through the present day, *The Squared Circle* is the first book to acknowledge both the sport's broader significance and wrestling fans' keen intellect and sense of irony. Divided into eras, each section offers a snapshot of the wrestling world, profiles some of the period's preeminent wrestlers, and the sport's influence on our broader culture. Through the brawling, bombast, and bloodletting, Shoemaker argues that pro wrestling can teach us about the nature of performance, audience, and, yes, art. Full of unknown history, humor, and self-deprecating reminiscence—but also offering a compelling look at the sport's rightful place in pop culture—*The Squared Circle* is the book that legions of wrestling fans have been waiting for. In it, Shoemaker teaches us to look past the spandex and body slams to see an art form that can explain the world.

WrestleCrap: The Very Worst of Professional Wrestling examines some of the ridiculously horrible characters and storylines that pro wrestling promoters have subjected their fans to over the past twenty years. Why would any sane person think that having two grown men fight over a turkey was actually a reasonable idea? Was George Ringo, the Wrestling Beatle, really the best gimmick that a major promotional organization could come up with? And who would charge fans to watch a wrestler named the Gobbeldy Gooker emerge from an egg? In an attempt to answer such questions and figure out just what the promoters were thinking, authors Randy Baer and R.D. Reynolds go beyond what wrestling fans saw on the screen and delve into the mindset of those in the production booth. In some instances, the motivations driving the spectacle prove even more laughable than what was actually seen in the ring. Covering such entertainment catastrophes as an evil one-eyed midget and a wrestler from the mystical land of Oz, not to mention the utterly comprehensible Turkey-on-a-Pole match (a gimmick which AWA fans might recall), *WrestleCrap* is hysterically merciless in its evaluation of such organizations as the WCW and the WWF. This retrospective look at the wrestling world's misguided attempts to attract viewers will leave wrestling fans and critics alike in stitches.

One of the most inspiring stories in wrestling history, *Cheating Death, Stealing Life* sees Eddie Guerrero recount his saga in remarkably candid fashion, chronicling a life of heartbreaks and painful personal struggles in frank, graphic detail. Guerrero was born into Mexico's first family of sports entertainment, and his life story spans three generations of the wrestling business. His father, Gory Guerrero, was among the greatest legends of lucha libre—Mexican wrestling. Before Eddie was twenty, he was competing in the border town of Juarez, going on to work throughout Mexico. The family name made him an instant sensation but also cast a large shadow from which he would spend years trying to emerge. Paired with the late Art Barr, Guerrero cofounded what became the most hated—and popular—tag team in lucha libre, the infamous Los Gringos Locos. *Cheating Death, Stealing Life* offers a no-holds-barred glimpse behind the curtain into the secret world of wrestling, from the harsh realities of a lifetime spent in hotels and rental cars, to the politics that permeate the dressing room. Of course, tight-knit friendships are also forged. Guerrero tells of his personal bonds with such Superstars as Chris Benoit and Dean Malenko. It's also the story of Guerrero's private struggle, of a son caught in the shadow of a larger-than-life father and three older brothers, of a marriage that reached the brink of disintegration before being reborn as a more

## Download Free Death Of Wcw The

powerful and fulfilling relationship. Throughout, Eddie Guerrero pulls no punches describing his battles with self-doubt and inner darkness. In the end, *Cheating Death, Stealing Life* is a story of great courage and personal redemption, of Guerrero's bravery in facing his disease and fighting to become a better man in every light.

"Asking Scott Keith about professional wrestling is like asking Wayne Gretzky about hockey." --Murtz Jaffer, *Inside Pulse The True Story Behind Wrestling's Deadly Secret*

On June 25, 2007, Canadian pro wrestler Chris Benoit, his wife Nancy, and their seven-year-old son Daniel were found dead in their Fayetteville, Georgia, home. The ruling of murder-suicide caused a media frenzy and stunned wrestling fans around the world. Yet the Benoit tragedy was only the latest in a string of disasters that have dogged Stampede Wrestling, operated by the Calgary-based Hart family. In the first book of its kind, Scott Keith offers an in-depth look at the Hart family "curse" that has left all the Stampede Wrestling alumnae either crippled or dead. Were these deaths preventable or inevitable? How did a sport famous for showmanship and entertainment become overrun by rampant drug use, depravity, and greed? Chris Benoit isn't the only wrestler to be brought down by a history of drug use--many other big names in the sport have fallen victim to wrestling's drug culture and steroid obsession. Why has

# Download Free Death Of Wcw The

nothing been done about this, even now after these latest deaths? Scott Keith knows wrestling from the inside out. This compelling and candid account reveals not only what's gone wrong in the world's most spectacular sport but what must be done to save it.

Delivering an inside account of one of wrestling's most famous fighters, this autobiography offers a rare chance to learn about Joe "Animal" Laurinaitis's life both inside and outside the ring. Revealing riveting stories about his participation in the 1980s and 1990s superstar wrestling team the Road Warriors, it recounts memorable fights with his partner Mike "Hawk" Hegstrand. He describes how he and Mike rose to become a revolutionary tag team—reinventing themselves with spiky accessories and wearing face paint before it was popular—and chronicles famous rivalries, movement between different wrestling associations, and dealing with Mike's longtime struggle with drugs and alcohol. He also invites fans into his personal life and discusses his family and newfound Christian faith. Featuring stories of incredible physical feats and deep-felt companionship, this testimony will help fans relive the glory days of a wrestling legacy.
