The JVC CS-J620 300W 2-Way Coaxial Car Speakers are great upgrade options from the factory speakers. They produce premium sound with low distortion. Each speaker has a peak power of 300 Watts and RMS of 60 Watts. The woofer cones are made with a durable elastic mica material with a ferrite metal design.

The Best Car Speakers (Review) in 2020 | Car Bibles

A decent set of front speakers might only set you back \$50. Component speakers provide even better sound, but that's a more complicated upgrade that's better paired with a brand new car stereo. If you do decide to drop in new speakers, it's a good idea to make sure they'll work with your existing head unit. And if you plan on upgrading the head unit in the future, you'll want to take that into consideration as well.
