Come sar à il 2018? Simon & the Stars racconta il nuovo anno con la formula che in poco tempo l'ha reso l'astrologo pi ù amato dal web. Il suo sguardo preciso e poetico non si limita alle previsioni ma, attraverso simboli, riflessioni e consigli, ci aiuta a esplorare (e affrontare meglio) questo nuovo capitolo della nostra vita. Come in un viaggio sulla macchina del tempo, infatti, Simon ci accompagna non solo verso il futuro, ma anche in un passato che gioca un ruolo fondamentale. Per capire da dove veniamo, chi siamo, e dove stiamo andando. In questo modo, l'oroscopo diventa un prezioso strumento in grado di indicare in quale punto della nostra storia personale ci troviamo, e quali traguardi o sfide abbiamo di fronte a noi. Proprio come un orologio, ci aiuta a leggere e interpretare il passaggio del tempo e gli snodi di una trama che, giorno dopo giorno, siamo noi a scrivere. Non a caso, anche quest'anno il racconto di ogni segno è affidato a un film, una narrazione emotiva e universale, che permette di comprendere meglio le tematiche principali del 2018. E, soprattutto, aiuta a mettere a fuoco

la conquista che nel nuovo anno aggiunge un tassello al nostro continuo percorso di crescita e maturazione. Una novità di questa nuova edizione è « Un giorno per » al termine di ciascun oroscopo mensile: un prezioso calendario di date propizie da segnare sul nostro taccuino. Curiosi? Bene, cominciamo! Ma prima di tutto: buon anno!

Dante Alighieri, il sommo poeta fiorentino, definì l' Astrologia la madre di tutte le scienze! Oggi tale asserzione verrebbe irrimediabilmente contestata da uomini di cultura e di scienza. Quest' opera dimostra, invece, come l' Astrologia funzioni in ogni suo ambito, in particolare in quello evolutivo/esistenziale. L' autore racconta, inoltre, in modo ironico e coinvolgente le sue esperienze trascendenti vissute in America, nella riserva degli Indiani Irochi. Egli, inizialmente, si stupisce di come questa tecnica abbia suscitato tanta curiosità ed abbia coinvolto un così elevato numero di persone, ma, prendendo parte attiva all' esperienza, si rende conto dei risultati oggettivi che essa è in grado di apportare a chi la pratici. Nel momento attuale, nel mondo, milioni di persone seguono quotidianamente la tecnica spontanea di Sahaya Yoga ed il loro numero sembra in continua ascesa.

The fourth thrilling title in Simon Scarrow's epic, bestselling Gladiator series Marcus may be free from the brutal training regime of the gladiators but he will not rest until he finds his mother. With his old friends Festus and Lupus at his side, and a letter from Caesar instructing all who cross his path to help him, he begins his journey. He is going back to the lands where he lived as a slave boy: the remote farming estate of the savage Decimus. Yet Ancient Greece is ruled by deceit and corruption. Many do not want to see Marcus succeed. Many more would rather see him dead. As the most powerful men in

the country plot against him, is it finally over for the son of Spartacus? Simon Scarrow will do for boy gladiators what J. K. Rowling did for boy wizards - Waterstones.com The perfect introduction to Roman history and gladiators for young readers - great for fans of Rick Riordan's Percy Jackson and J. K. Rowling's Harry Potter. Simon Scarrow was born in Africa and lived in a number of countries, including Hong Kong and the Bahamas before settling in Britain. He has always been interested in writing and his love of history began at school, in particular when he was being taught about the ancient world by his Latin and History teachers. Since then he has travelled with his wife and children across the world to Italy, Greece, Turkey, Jordan, Syria and Egypt to research his historical novels. Simon was an enthusiastic teacher for a number of years. He now writes full time, but does intend to return to teaching when he can find the time.

A wordless picture book in which a boy spends his day traveling through masterpieces of Western art, including works by Botticelli and Banksy, and ending at a tree for everyone's creations. Includes a chart showing the artist, title, and date of each work represented.

Frustrated at the path her life has taken, Alice decides to take control of her personal life using astrology as her guide in this quirky, steamy, and hilarious romantic comedy. Alice Bassi is (a little) over thirty, single (not by choice), and she can't help but feel that she is failing at this whole adulthood thing. She's stuck in a dead-end job, just found out her ex-boyfriend is engaged to his pregnant girlfriend, and Richard Gere hasn't shown up with flowers and a limo to save her from it all. On one particularly disastrous morning—when Alice would much rather have stayed home, curled up with her favorite classic rom-coms—she meets Davide Nardi. Handsome yet indecipherable, Davide would be the leading man of Alice's dreams—if only he weren't the “hatchet man” brought in to help streamline production and personnel at the small television network she works for. In the midst of all this, Alice runs into Tio—an actor and astrology

expert who is convinced he can turn her life around with a little help from the stars. Skeptical but willing, Alice decides to take Tio ' s advice and only date men whose Zodiac signs are compatible with hers. Unfortunately, it turns out that astrological affinity doesn ' t always guarantee a perfect match, nor prevent a series of terrible dates, disappointments, and awkward surprises. It also doesn ' t keep Davide from becoming more attractive every day. Perfect for fans of Bridget Jones ' s Diary and Younger, *An Astrological Guide for Broken Hearts* is a witty, sexy, and relatable portrait of a modern woman ' s search for love and a dream job, only to discover that your destiny isn ' t always written in the stars.

The first significant fresh reporting on the legendary band in twenty years, built on interviews with all surviving band members and revealing a never-before-seen side of the genius and debauchery that defined their heyday. Veteran rock journalist Mick Wall unflinchingly tells the story of the band that pushed the envelope on both creativity and excess, even by rock ' n' roll standards. Led Zeppelin was the last great band of the 1960s and the first great band of the 1970s—and *When Giants Walked the Earth* is the full, enthralling story of Zep from the inside, written by a former confidante of both Jimmy Page and Robert Plant. Rich and revealing, it bores into not only the disaster, addiction and death that haunted the band but also into the real relationship between Page and Plant, including how it was influenced by Page's interest in the occult. Comprehensive and yet intimately detailed, *When Giants Walked the Earth* literally gets into the principals' heads to bring to life both an unforgettable band and an unrepeatable slice of rock history.

This book presents a semiotic study of the re-elaboration of Christian narratives and values in a corpus of Italian novels published after the Second Vatican Council (1960s). It tackles the complex set of ideas expressed by Italian writers about the biblical narration of human origins and traditional religious language and ritual, the perceived clash

between the immanent and transcendent nature and role of the Church, and the problematic notion of sanctity emerging from contemporary narrative.
