This system allows you to carry out hill starts in full safety and without rushing. When the vehicle is stopped, when you remove your foot from the brake, the car is immobilised (for 2 seconds) to allow you the time to move away calmly. Less stress: this is a precious feature when making hill starts or manoeuvring on slopes.

Models made after 2012 feature much better safety scores, including the use of emergency brake assist (EBA). They have also received a cosmetic upgrade, with newer models focused on a smooth, sleek style on the exterior. Sanderos handle very well and are ultra-comfortable to drive, making their low price point a steal.
