The individuals presented in these narrative biographies significantly, and sometimes decisively, impacted contemporary American life in a wide range of areas, including national politics, foreign policy, social and political activism, popular and literary culture, sports, and business. The combined biographical/thematic approach is designed to serve two purposes: to present more substantive biographical information, and to offer a fuller examination of key events and issues. The book is an ideal supplement for undergraduate courses on The United States Since 1945, as well as for courses on

Modern America and 20th Century America.

A comprehensive reference to Asian American history reveals the key events and personalities while also exploring the historical debates that rage around their interpretation.

A guide to proper American English word usage, grammar, pronunciation, and style features examples of good and bad usage from the media.

The author looks to the origins of equality in Greek thought and the idea's important in the eighteenth century to understand the tenacious attraction it has had for American over more than two hundred years of political, legal, and social controversy.

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

This text provides in-depth balanced content covering the beginnings of U.S. history through the present.

USAs historie indtil 1996

"The Conservative Collection" reinforces fundamental holdings of the Right. A strong, free, and thriving America requires us to value our founding principles and apply them in a modern world. Yet constant assaults on the very philosophies that birthed American exceptionalism jeopardize our sustained superiority. It therefore falls upon Conservatives to reenergize, inform, and strengthen the citizenry with the truths and successes stemming from conservatism. We need a strong America, one which will continue to be the home of liberty and prosperity. In "The Conservative Collection," eleven areas of conservative concern are discussed: Conservative History, Individual Liberty, The Legislature, The Executive, The Judiciary, Economic Strength, Educational Strength, Military Strength, Personal

Responsibility, International Leadership, and Moving America Forward. In our unique nation of states, built upon the pillars of liberty and opportunity, we are responsible for protecting the blessings of freedom and ensuring our future welfare. "The Conservative Collection" looks to aid others in achieving those most noble duties. A series of short essays complete this work, divided between the book's eleven sections. Not only does "The Conservative Collection" focus significant attention toward government and politics, but also on character development and individual maturity. All Americans (Conservative or otherwise) must be leaders in a turbulent world--something not to be accomplished without a sense of purpose and principle.

An exploration of how technology and best intentions collide in the heat of war A New York Times Book Review Editors' Choice In *The Bomber Mafia*, Malcolm Gladwell weaves together the stories of a Dutch genius and his homemade computer, a band of brothers in central Alabama, a British psychopath, and pyromaniacal chemists at Harvard to examine one of the greatest moral challenges in modern American history. Most military thinkers in the years leading up to World War II saw the airplane as an afterthought. But a small band of idealistic strategists, the "Bomber Mafia," asked: What if precision bombing could cripple the enemy and make war far less lethal? In contrast, the bombing of Tokyo on the deadliest night of the war was the brainchild of General Curtis LeMay, whose brutal pragmatism and scorched-earth tactics in Japan cost thousands of civilian lives, but may have spared even more by averting a planned US invasion. In *The Bomber Mafia*, Gladwell asks, "Was it worth it?" Things might have gone differently had LeMay's predecessor, General Haywood Hansell, remained in charge. Hansell believed in precision bombing, but when he and Curtis LeMay squared off for a leadership handover in the jungles of Guam, LeMay emerged victorious, leading to the darkest night of World War II. *The Bomber Mafia* is a riveting tale of persistence, innovation, and the incalculable wages of war.

Colonial American History Stories - 1215 - 1664 contains almost 300 history stories presented in a timeline that begins in 1655 with the performance of the first documented play performed in British North America and ends with the switch from the Julian to the Gregorian Calendar in 1752. This journal of historical events mark the beginnings of the United States and serve as a wonderful guide of American history. These reader friendly stories include: September 27, 1540 - Society of Jesus (Jesuits) Founded By Ignatius Loyola December 19, 1675 - The Great Swamp Fight September 19, 1676 - Bacon's Rebellion - Bacon Burns Jamestown April 18, 1689 - 1689 Boston Revolt February 29, 1692 - Sarah Good, Sarah Osborne and Tituba Accused Of Witchcraft in Salem, Massachusetts May 22, 1718 - Edward Teach - Blackbeard - Begins Blockade of Charlestown.
