In the ruins of civilization, a young girl's kindness and capacity for love will either save humanity -- or wipe it out in this USA Today bestselling thriller Joss Whedon calls "heartfelt, remorseless, and painfully human." Melanie is a very special girl. Dr Caldwell calls her "our little genius." Every morning, Melanie waits in her cell to be collected for class. When they come for her, Sergeant keeps his gun pointed at her while two of his people strap her into the wheelchair. She thinks they don't like her. She jokes that she won't bite, but they don't laugh. The Girl With All the Gifts is a genre-defying, emotionally charged thriller that will shatter your expectations of the classic zombie novel. who knows far more than he lets on. David's sister, Kate, fights for survival in a world decimated by flesh-eating zombies — and her brother's one of them. She's determined to put a bullet in David's brain to set him free. Nicholas Kemp is a human monster, a born killer. But in a world ruled by the living dead, he's no longer the most feared predator, and he'll do whatever it takes to become that again. He plans to start by killing Kate.

Coldbrook is a secret laboratory located deep in Appalachian Mountains. Its scientists had achieved the impossible: a gateway to a new world. Theirs was to be the greatest discovery in the history of mankind, but they had no idea what they were about to unleash. With their breakthrough comes disease and now it is out and ravaging the human population. The only hope is a cure and the only cure is genetic resistance: an uninfected person amongst the billions dead. In the chaos of destruction there is only one person that can save the human race. But will they find her in time?

A lone survivor in a zombie-infested world, Jonah Caine wandered for months, struggling to understand the apocalypse in which he lives. Unable to find a moral or sane reason for the horror that surrounds him, he is overwhelmed by violence and insignificance. Then Jonah comes across a group of survivors living in a museum-turned-compound. They are led by Jack, an ever-practical and efficient military man; and Milton, a mysterious prophet who holds a strange power over the dead. Both share Jonah's anguish over the brutality of their world as well as his hope for its beauty. Together with others, they build a community that reestablishes an island of order and humanity surrounded by relentless ghouls. But this newfound peace is

A pulse-pounding thrill ride, where a teen girl must participate in a breathtaking race to save her brother's life--and her own. Time is slipping away. . . . Tella Holloway is losing it. Her brother is sick, and when a dozen doctors can't determine what's wrong, her parents decide to move to the middle of nowhere for the fresh air. She's lost her friends, her parents are driving her crazy, her brother is dying--and she's helpless to change anything. Until she receives mysterious instructions on how to become a Contender in the Brimstone Bleed. It's an epic race across jungle, desert, ocean, and mountain that could win her the prize she desperately desires: the Cure for her brother's illness. But all the Contenders are after the Cure for people

they love, and there's no guarantee that Tella (or any of them) will survive the race. The jungle is terrifying, the clock is ticking, and Tella knows she can't trust the allies she makes. And one big question emerges: Why have so many fallen sick in the first place? Victoria Scott's breathtaking novel grabs readers by the throat and doesn't let go.

Ruby Brady is a typical modern teenager, surgically attached to her mobile phone, who is attempting to navigate her way through a social media-dominated world .. and she has plenty to be annoyed about. ... She has a mother going through a spiritual awakening, endlessly searching for inner peace whilst counting down the hours to wine o'clock, and endlessly comparing her life to others on the internet. There is her hipster-hating stepdad, who constantly rants about millennials and vegans whilst harbouring delusions of rock stardom. Ruby's journal follows her day-to-day life over the previous 18 months, in a political landscape defined by Brexit and Trump. She faces the complexities of home life, friendships and school and attempts to understand her embarrassing parents and explain the modern world to her grandparents. A very lighthearted look at modern life in a time of Facebook, Instagram, Reality TV and Kardashian Culture. It follows three generations of a family, as they all try to understand each other's language use, interests and differences, all seen through the eyes of a teenage girl. ** Suitable for both Adults and older teenagers - contains swearing **

"Twenty people wake to find themselves in a boarded-up building in the middle of the zombie wasteland. They soon realize they have been chosen as contestants on a popular reality show called *Zombie Survival*. Each contestant is given a backpack of supplies and a unique weapon.

Their goal: be the first to make it through the zombie-plagued city to the pick-up zone alive. But because there's only one seat available on the helicopter, the contestants not only have to fight off the hordes of the living dead, they must also fight each other."--Page 4 of cover.

Outbreak narratives have proliferated for the past quarter century, and now they have reached epidemic proportions. From *28 Days Later* to *24* to *The Walking Dead*, movies, TV shows, and books are filled with zombie viruses, bioengineered plagues, and disease-ravaged bands of survivors. Even news reports indulge in thrilling scenarios about potential global pandemics like SARS and Ebola. Why have outbreak narratives infected our public discourse, and how have they affected the way Americans view the world? In *Going Viral*, Dahlia Schweitzer probes outbreak narratives in film, television, and a variety of other media, putting them in conversation with rhetoric from government authorities and news organizations that have capitalized on public fears about our changing world. She identifies three distinct types of outbreak narrative, each corresponding to a specific contemporary anxiety: globalization, terrorism, and the end of civilization. Schweitzer considers how these fears, stoked by both fictional outbreak narratives and official sources, have influenced the ways Americans relate to their neighbors, perceive foreigners, and regard social institutions. Looking at everything from *I Am Legend* to *The X Files* to *World War Z*, this book examines how outbreak narratives both excite and horrify us, conjuring our nightmares while letting us indulge in fantasies about fighting infected Others. *Going Viral* thus raises provocative questions about the cost of public paranoia and the power brokers who profit from it.
