Objective

than processes. The book: Deals with issues of continuing relevance for educational thought and practice, such as the education and training of teachers and diminishing the gap between schooling and education. Considers the nature and function of educational research, the conflict between arts and sciences in education and the concept of guidance. Examines teaching in its interpersonal context, and at the revolt of youth and the sexual revolution. Assesses the influence of Freud, Winifred Mercier, William Boyd and Herbert Read.

The most awaited period of stepping out into college life is almost in front of you now. The choices that you make here will largely affect your entire future and life in general. So while one is readying oneself for life after twelfth, the dilemma about which college to choose and which course
