Social marketing can help achieve sustainable behaviour change

Social marketing—using marketing tools and techniques to facilitate behavior change—is a proven approach that’s been used for decades in programs addressing public health, social and environmental issues, and international development. It’s not just about creating clever ads, conducting focus groups or leveraging social media.

Using Social Marketing for Behavior Change

This type of initiative provides a platform for change agents, opinion leaders or “Connectors” to make the case for the behavior change and engage in a meaningful dialogue with the target audience. Regardless of how change agents emerge, they can play powerful roles in community building and social change. The challenge for behavior change initiatives is to identify and empower change agents to lead.

Barriers and Benefits: Changing Behavior Through Social ...

Good Communication is not always the key to any behaviour change program Good communication is certainly important but there is more to social marketing than communications. The most successful behavior change initiatives focus on removing barriers to desired behaviors. This takes more than a good communications campaign.

10 Tips for Changing People's Behaviours through Social ...

Behavior change marketing, also known as social marketing, is the term public health professionals use to refer to marketing that builds awareness about a social issue, like wear your seatbelt, don't smoke, get a mammogram and recycle. But social marketing is more than just building awareness.

No other text is as comprehensive and foundational when it comes to taking key marketing principles and applying them to campaigns and efforts to influence social action.

Amazon.com: Social Marketing: Changing Behaviors for Good ...
Social marketing draws on some of the principles of commercial marketing and uses behaviour change theory to influence behaviour for 'social good'.²⁷ The benefit is for society, not for the organisation doing the marketing. Segmentation of the relevant market allows for interventions to be targeted.

Behaviour Change Models and Strategies: (EUFIC)

It's summed up in one key point: commercial marketing tries to change people's behavior for the benefit of the marketer; social marketing tries to change people's behavior for the benefit of the consumer, or of society as a whole.
