Read Book The Elephant In The Room A Childrens Book For Grief And Loss

chronicling what it's like to live in today's world as a fat man, from acclaimed journalist Tommy Tomlinson, who, as he neared the age of fifty, weighed 460 pounds and decided he had to change his life. When he was almost fifty years old, Tommy Tomlinson weighed an astonishing—and dangerous—460 pounds, at risk for heart disease, diabetes, and stroke, unable to climb a flight of stairs without having to catch his breath, or travel on an airplane without buying two seats. Raised in a family that loved food, he had been aware of the problem for years, seeing doctors and trying diets from the time he was a preteen. But nothing worked, and every time he tried to make a change, it didn't go the way he planned—in fact, he wasn't sure that he really wanted to change. In *The Elephant in the Room*, Tomlinson chronicles his lifelong battle with weight in a voice that combines the urgency of Roxane Gay's *Hunger* with the intimacy of Rick Bragg's *All Over but the Shoutin'*. He also hits the road to meet other members of the plus-sized tribe in an attempt to understand how, as a nation, we got to this point. From buying a Fitbit and setting exercise goals to contemplating the Heart Attack Grill in Las Vegas, America's "capital of food porn," and modifying his own diet, Tomlinson brings us along on a candid and sometimes brutal look at the everyday experience of being constantly aware of your size. Over the course of the book, he confronts these issues head-on and chronicles the practical steps he has to take to lose weight by the end. "What could have been a wallow in memoir self-pity is raised to art by Tomlinson's wit and prose" (Rolling Stone). Affecting and searingly honest, *The Elephant in the Room* is an "inspirational" (The New York Times) memoir that will resonate with anyone who has grappled with addiction, shame, or self-consciousness. "Add this to your reading list ASAP" (Charlotte Magazine).

From the New York Times bestselling author of *Counting by 7s* comes a heartfelt story about "the importance of compassion and bravery when facing life's challenges" (Kirkus) for fans of *The One and Only Ivan* and *Front Desk*. It's been almost a year since Sila's mother traveled halfway around the world to Turkey, hoping to secure the immigration paperwork that would allow her to return to her family in the United States. The long separation is almost impossible for Sila to withstand. But things change when Sila accompanies her father (who is a mechanic) outside their Oregon town to fix a truck. There, behind an enormous stone wall, she meets a grandfatherly man who only months before won the state lottery. Their new alliance leads to the rescue of a circus elephant named Veda, and then to a friendship with an unusual boy named Mateo, proving that comfort and hope come in the most unlikely of places. A moving story of family separation and the importance of the connection between animals and humans, this novel has the enormous heart and uplifting humor that readers have come to expect from the beloved author of *Counting by 7s*. "I couldn't stop reading—I had to find out what would happen. An unusual and lovely real-life fairy tale." —Linda Sue Park, New York Times Bestselling author of *A Long Walk to Water* "A gorgeous and emotional novel. I loved every page." —Cynthia Kadohata, Newbery Medal-winning author of *Kira-Kira*

Missing her mother who has returned to Turkey to resolve an immigration problem, sixth-grader Sila welcomes a very large distraction in her life when she helps a surprising new friend rescue a circus elephant.

The Elephant in the Room looks at how, why, and with what consequences it is possible for things to be known and 'not

Read Book The Elephant In The Room A Childrens Book For Grief And Loss

known' at the same time by individuals in a group. Zerubavel marshals a host of examples - from families that avoid discussing a member's cancer to the military's 'Don't Ask, Don't Tell' policy - to identify the common features of conspiracies of silence at all levels of society. He unravels the normative as well as political underpinnings of silence and denial, as well as the social dynamics of conspiracies of silence. Noting how each 'conspirator's' actions are symbiotically complemented by the others', he shows that silence is usually more intense when there are more people conspiring to maintain it and especially when there are significant power differences among them. He concludes by showing that the longer we ignore 'elephants' the larger they loom in our minds, as each avoidance typically triggers an indefinitely recursive spiral of denial.

Edward Lear meets 'Yellow Submarine' in this superb new picture book with rhyming text creating a verbal game of cause and effect, while the illustrations give it a surreal twist. It starts with an 'oops', a 'look out' and a 'crash' then in walks Father Giant with his quivering moustache...Someone has smashed Father Giant's favourite elephant. It wasn't Olive and her brother Grub. Nor was it the naughty newt, the laughing lady or the yucky yak. So WHO is the culprit? A magnificently madcap mystery that will keep readers guessing until the very end.

Most people want to avoid tough conversations. Whether it's with a spouse, a friend, a boss, a coworker, or a child, tough conversations create high anxiety--and often lingering resentments. Communication expert Dr. Mike Bechtle offers practical help. He equips readers with the skills they need in order to handle conflict with the important people in their lives. Readers learn to be better prepared for hard conversations by learning to listen, to give and receive genuine feedback, and to saturate relationships with kindness. With the right skills and tools, anyone can feel more confident handling the elephant in the room and other conversational quicksand.

Skyler has a hearing loss. And he doesn't feel much like talking today. No wonder-he keeps missing what his parents and siblings have to say, and it's frustrating. Skyler's little sister, Maizy, tags along on his morning routine and, with the help of her special friend, we learn that it takes more than hearing aids to help Skyler feel like talking again.

The Elephant in the Room is a children's storybook with whimsical illustrations and rhyming verses of positive strategies for coping with grief and loss. The gender-neutral elephant character demonstrates the potential emotions that children may experience when faced with any type of loss such as death of a pet or a relative, a friend moving away, foster care, hospitalization, etc. This book can serve to initiate a discussion or to provide unconscious messages of love, power, and healing. The practical and realistic coping strategies are developmentally appropriate for young children in early childhood and are based in best practices according to research in children's literature and social-emotional development. It is recommended that the book be read daily, as needed, during traumatic events and that the adult wait patiently for the child to initiate a discussion. It is anticipated that The Elephant in the Room will serve as a transitional object for children

Read Book The Elephant In The Room A Childrens Book For Grief And Loss

experiencing grief and loss and that it will help them navigate their unique and individual journey towards healing, concurrently or in the years ahead. This book is a must-have for teachers, grief counselors, healthcare practitioners, therapists, social workers, and librarians. Additionally, it can serve as an important resource for families during difficult events.

A systematic look at how relationships determine the success of leaders and their enterprises, along with tools to help strengthen and change them Since time immemorial, relationships have determined the fate of leaders. But today they are more critical to success than ever. No longer can leaders count on long time horizons or sloppy competition to make up for the inefficiencies that poor relationships create. Leaders must make decisions and take actions quickly and well with others, even those with whom they share very little?perhaps not even a time zone. This new world puts relationships at the center of what leaders must understand and master to succeed. Uses in-depth observational studies and clinical research to explore how relationships at the top of organizations work, develop, and change Shows how to understand, strengthen, and transform these relationships, so they can withstand the most intense pressures and conflicts This important book features a Foreword by Peter Senge, author of The Fifth Discipline.

The Elephant In The Room A financial fable filled with lessons for building long-term wealth "What most people don't understand, and what usually turns out to be the elephant in the room, is their behavior. It affects everything in your life, including the way you earn, spend, and save." —Aunt Katherine Michael Davidson and his wife, Jennifer, knew what they wanted from life and had some pretty good financial habits, but they were far from prepared for the future. Despite a healthy income and successful career, Michael—who's facing down thirty, with a wife who also works, and two kids—can't seem to accumulate any savings, and the family continues to live from paycheck to paycheck. Frustrated by his situation, Michael seeks the advice of a person who, in his eyes, has found a way to overcome this challenge—his now comfortably retired Aunt Katherine. What follows is a series of conversations in which Michael discovers that some fundamental concepts, all under his control, can put his family in a better financial position. Engaging and informative, The Elephant in the Room follows the fictional weekly meetings—based on the real-world experiences of financial advisors and employees from First Command Financial Planning—between Michael and Aunt Katherine as they discuss the elements that guide their financial behavior and prepare a plan to achieve his family's financial objectives. A refreshing look at what it really takes to secure your financial future, The Elephant in the Room contains insights and advice that will put you on the path to prosperity.
