Celebrate the thirtieth anniversary of the Newbery Honor-winning survival novel Hatchet with a pocket-sized edition perfect for travelers to take along on their own adventures. This special anniversary edition includes a new introduction and commentary by author Gary Paulsen, pen-and-ink illustrations by Drew Willis, and a water resistant cover. Hatchet has also been nominated as one of America's best-loved novels by PBS's The Great American Read. Thirteen-year-old Brian Robeson, haunted by his secret knowledge of his mother's infidelity, is traveling by single-engine plane to visit his father for the first time since the divorce. When the plane crashes, killing the pilot, the sole survivor is Brian. He is alone in the Canadian wilderness with nothing but his clothing, a tattered windbreaker, and the hatchet his mother had given him as a present. At first consumed by despair and self-pity, Brian slowly learns survival skills: how to make a shelter for himself, how to hunt and fish and forage for food, how to make a fire and even finds the courage to start over from scratch when a tornado ravages his campsite. When Brian is finally rescued after fifty-four days in the wild, he emerges from his ordeal with new patience and maturity, and a greater understanding of himself and his parents.

Two years after having survived a plane crash into the Canadian wilderness, a sixteen-year-old boy returns to the wild, where he befriends a wounded dog and hunts a rogue bear.

Instead of being rescued from a plane crash, as in the author's book "Hatchet," this story portrays what would have happened to Brian had he been forced to survive a winter in the wilderness with only his survival pack and hatchet.

After having survived alone in the wilderness, Brian finds that he can no longer live in the city but must return to the place where he really belongs.

Only 13, John must track a deer in the Minnesota woods for his family's winter meat, and in doing so finds himself drawn to the doe he's been tracking and hating his role as hunter.

From a master storyteller comes a unique exploration into the exhilarating joys--and the inevitable dangers--of total solitude. Every day, 15yo Wil Neuton gets up, brushes his teeth, leaves the house, and rows away from shore. He's discovered the island, a place where he can go to be alone and learn to know nature--and himself. Wil's only mission is to let go of the outside world. But the outside world refuses to let go of him. His family regards him as a puzzle. The town bully is determined to challenge him. And suddenly, even reporters know his name. He can confront them all, or he can embrace his solitude forever. Just one thing is certain now: Wil Neuton will no longer be relying on anybody but himself.

This adventure novel about survival at sea by Newbery Honor author Gary Paulsen is now available in an After Words paperback edition! David thought he was alone, that the ocean around him was all there was of the world. The wind screamed, the waves towered, and his boat, the twenty-two foot fiberglass FROG, skidded and bucked and, each moment, filled deeper and grew heavier with sea water. David thought surely he was dead at fourteen. His uncle Owen, who had taught him about sailing safely, would be so angry. Owen had died only days ago, his last wish for David to take the FROG out on his own, and sail her beyond sight of the coast, and once there scatter Owen's ashes.

Twelve-year-old Henry's grand adventures spell disaster for best chums Riley and Reed, who always seems to land in a pile of "smelly goo."

In 1848, while on a wagon train headed for Oregon, fourteen-year-old Francis Tucket is kidnapped by Pawnee Indians and then falls in with a one-armed trapper who teaches him how to live in the wild.
