This is a world in the throes of economic decay and at the mercy of terrorists. This is Asia. This is Europe. This is America. This is Final Blackout. Across this devastated, post-apocalyptic landscape marches one extraordinary soldier and his band of brothers. He is the Lieutenant, a hardened military strategist and a charismatic leader of men. Now, in a time of deception, desperation, and betrayal, they are headed into the ultimate battle against the ultimate enemy—their own treacherous leaders. But for the Lieutenant, a hero at the crossroads of history, it is time to do what is best for his country and for his men—to undertake one last act of courage and sacrifice ... the Final Blackout. BOOK 2 OF THE SEQUEL SERIES TO THE BEST-SELLING LAST SURVIVORS SERIES Who will survive The Arches? A place of recovery has become a place of death as one survivor's worsening illness puts three in danger. Will the secrets of The Arches lead to the death of them all?

New York, Los Angeles, and Washington, D.C., have been abandoned. The Bill of Rights has been revoked, and replaced with the Moral Statutes. There are no more police—instead, there are soldiers. There are no more fines for bad behavior—instead, there are arrests, trials, and maybe worse. People who get arrested usually don't come back. Seventeen-year-old Ember Miller is old enough to remember that things weren't always this way. Living with her rebellious single mother, it's hard for her to forget that people weren't always arrested for reading the wrong books or staying out after dark. It's hard to forget that life in the United States used to be different. Ember has perfected the art of keeping a low profile. She knows how to get the things she needs, like food stamps and hand-me-down clothes, and how to pass the random home inspections by the military. Her life is as close to peaceful as circumstances allow. That is, until her mother is arrested for noncompliance with Article 5 of the Moral Statutes. And one of the arresting officers is none other than Chase Jennings...the only boy Ember has ever loved. "A wild mash-up of Raymond Chandler, Philip K. Dick, and William S. Burroughs" (Stewart O'Nan, author of The Odds), the near-future thriller Tomorrow and Tomorrow is an insightful exploration of humanity's relationship with evolving virtual environments and an accurate portrayal of how the technology that was developed to connect people inevitably isolates them? Pittsburgh is John Dominic Blaxton's home even though the city has been uninhabitable ruin and ash for the past decade. The Pittsburgh Dominic lives in is the Archive, an immersive virtual reconstruction of the city's buildings, parks, and landmarks, as well as the people who once lived there. Including Dominic's wife and unborn child. When he's not reliving every recorded moment with his wife in an endless cycle of desperation and despair, Dominic investigates mysterious deaths preserved in the Archive before Pittsburgh's destruction. His latest cold case is the apparent murder of a woman whose every appearance is deliberately being deleted from the Archive. Obsessed with uncovering this woman's identity and what happened to her, Dominic follows a trail from the virtual world into reality. But finding the truth buried deep within an illusion means risking his sanity and his very existence?
