File Type PDF The Zen Of Listening Mindful

In my experience, mindful listening is active listening and it is a powerful mindfulness practise that benefits both the person speaking and the person listening. The speaker feels listened to and knows that they have been listened to, and the listener gains far deeper insight into what the speaker really means.

The Zen of Listening ...

Zen, mindfulness, and well-being are all buzzwords right now - just append them to any subject and "boom!", instant appeal. Don't get me wrong, I very much appreciate the current focus on living in the moment and appreciating the things we have; however, an unfortunate side effect of this interest seems to be a devaluing of those ideals.
